

Homemade Christmas Cards

It's so much fun to make,
your own Christmas cards.
A great way to show others,
your creative regards.

Draw stockings, a brick chimney,
angels and a beautiful wreath.
Add a sticker of Rudolph,
with a red nose and white teeth.

Cut out fun Christmas shapes,
and glue on colourful glitter.
Put some on Scrooge,
since he's always quite bitter.

Add buttons to wire ring snowman,
or just a very shiny red bow.
You may need some cotton,
to create that white snow.

Paint on blank cards,
and set your imagination free.
Your jolly greetings will spread,
Christmas spirit, you'll see.

Sharing homemade cards,
is a very thoughtful delight.
Wish others a Merry Christmas,
that is both joyful and bright.
