

I wrote a nice letter,
to dear Santa Clause,
and asked for a lion,
with very large paws.

I am happy and excited
about my Christmas list,
and made sure to ask,
for a rubik's twist.

I'm a bit too old,
to play with Sing-a-ma-jigs.
May I change my list
and add a few pigs?

My wish list is filled,
with things that are fun.
If Santa is super strong,
he will bring me the sun.

I know that Santa Clause
is a very busy guy.
If I don't get everything,
I promise not to cry.

One thing on my wish list,
that's better than any toy.
Spending time with my family,
sharing laughter and joy.
