

# Christmas Songs

Let's sing some songs,  
right now and here.  
Since Christmas time,  
is joyfully near.

We'll sing about Rudolph,  
and his nose that glows.  
On those foggy nights,  
Santa's way it shows.

We'll sing Jingle Bells,  
and that one horse open sleigh,  
Imagine how fun it would be,  
to ride in one all day.

We'll sing about Santa,  
coming to town.  
We better smile,  
and delete any frown.

We'll sing about Frosty,  
with the kids he played.  
Even though it was sunny,  
and they couldn't find shade.

Let's sing these songs,  
right now and here.  
Christmas spirit shall enter,  
each soul and ear.
