

Decorating Our Christmas Tree

It was time to decorate,
our beautiful Christmas tree.
The kids were so excited,
just like penguins in the sea.

We added colorful,
festive holiday lights.
Used our imaginations,
while eating Christmas delights.

We hung splendid ornaments,
on needles that were dark green.
The manger under the tree,
was the most peaceful scene.

Tinsel icicles sparkled,
red ribbons we placed.
The cat with his Christmas hat,
played with the dog as he chased.

Homemade snowflake crystals,
we made using beads.
We all talked about,
our kind Christmas deeds.

Dangled paper crafts,
and delicious candy canes.
We added a few snowmen,
and elves with very large brains.

The gorgeous tree topper,
was placed very high.
Our family photo cube,
caught everyone's eye.

This holiday tradition,
our whole family has shared.
When we finished decorating,
we just smiled and stared.
